January 3, 2025

A NOTE TO THE COMMUNITY & FRIEND

The start of the new year is here, and I wanted to recognize and give you special thanks for your support this last year and prior years to Miami County Artisan Gallery. Remember that all 2024 donations are tax deductible, as is the corporate or personal membership. We are also a charity and can receive gifts and bequests. Please review the opportunities in the enclosed option form for 2025. It's a time for reflection, review, and rejuvenation of our mutual community goal to grow, stabilize and promote positive creative changes.

In reflection, the gallery is now located in the Downtown Historic Patrick Roberts Law Building (see above address) since moving last November. We lease an office, have use of the hallway, restroom, and downstairs (small kitchen, large conference room, and private art studio). It is very well suited to continue its main project of the Peru Visual Arts Festival, and holding conference meetings, art classes, private parties, and seminars. We can always utilize community centers if needed for bigger events, etc.

In review, the gallery wants to spotlight displays and events as it did for six years and needs the security of ownership to carry forward its legacy – An Awesome Art Arena in Downtown Historic PERU.

In rejuvenation, we have developed a vision and action plan to purchase and restore the building next door (9 South Broadway, also owned by Patrick Roberts), which is a Historic unused building needing big restoration. Our current space has served us well while we pursue this ambitious vision and action plan, but we are envisioning an art-filled future in a revitalized gallery event space!

With continued support from the state, federal, city, community, local grants and public donations, our vision is achievable, and we are asking for your help too! By becoming a tax-deductible member, donor, or sponsor you are supporting positive and creative changes in Peru, through MCAG and its projects.

You can make a difference! Please review the enclosed and consider which option is best. Thank you.

Sincerely,

Marlee

Marlene R. Mickelson, MCAAG Executive Director/Curator
